

QuadTree::insert

QuadTree::query

Boundary::contains

```
graph LR; A[QuadTree::insert] --> C[Boundary::contains]; B[QuadTree::query] --> C;
```

The diagram illustrates a dependency or call relationship. On the left, there are two white rectangular boxes with black borders. The top box contains the text 'QuadTree::insert' and the bottom box contains 'QuadTree::query'. On the right, there is a gray rectangular box with a black border containing the text 'Boundary::contains'. Two blue arrows originate from the right side of the left boxes and point towards the left side of the gray box, indicating that both 'QuadTree::insert' and 'QuadTree::query' utilize the 'Boundary::contains' method.
